

**Those wishing to obtain one of the laboratory services must meet with Mr. Prof. Dr., the laboratory director, or his representative from the laboratory officials, in order to learn about the nature of the required .service or the problem that is sought**

**.solve it**

**The laboratory management determines the work required to be performed and the required fees accordingly**

**For the factory price list. After transferring the prescribed fees to the college treasury, the necessary analyzes and measurements are carried out during the judicial process. If agreed upon, the laboratory management prepares a report on the results of the studied samples, as well as writes the recommendations that the laboratory's technical staff deems necessary to solve the problem. Laboratory specialists explain these recommendations to the service owner and clarify**
